America's Highest Rated Sparkling Wine

Argyle Winery has been creating wines in the Willamette Valley since 1987. What began as a conviction to grow world-class sparkling wine has grown to include an acclaimed portfolio of Pinot Noir, Chardonnay and Riesling.

Argyle farms more than 400 acres of estate vineyards in the Willamette Valley, and welcomes guests daily at the Argyle Tasting House, located in the same downtown Dundee space they've called home since the beginning.

THE ONLY WINERY IN THE WORLD

to be named to Wine Spectator's Top 100 list for Sparkling, Chardonnay and Pinot Noir

TOP 100

NATE KLOSTERMANN
Winemaker

After being mentored by renowned Oregon wine pioneer and Argyle founder Rollin Soles, Nate Klostermann was selected as Rollin's handpicked successor, and in 2013, he became the second winemaker in Argyle's storied three-decade history. Building on Rollin's grower-first foundation for Argyle, Nate has emerged as one of Oregon's most gifted young winemakers, recognized for making elegant and complex sparkling wines, along with vibrant and impeccably balanced Pinot Noir, Chardonnay and Riesling.

A "GROWER FIRST" PHILOSOPHY

What began in 1987 as a conviction to grow grapes for sparkling expanded to an ambition to build our legacy through the long lives of our wines that could challenge the very best Sparkling Wines, Riesling, Chardonnay & Pinot Noir from across the globe. The backbone of Argyle's decades of consistent high quality has been squarely built by vineyards that we have farmed for decades in the Dundee Hills and Eola-Amity Hills AVAs. The exactly precise vineyard rows are the lines in the Argyle fingerprint, unique to us as a truly one-of-a-kind proposition.
