

ARGYLE

Blanc de Blancs | 2011
Dundee Hills AVA

91 POINTS *“Cellar Selection”*

Wine Enthusiast

1 Feb 2016

“This is made in a steely, high-acid style, harvested at low (18.5) brix and put through 25% malolactic just to keep it all in proportion. Give this some time in the glass and it shines, with a focused mix of lemon, apple and mineral flavors. This can easily age for another decade at least. Drink 2020–2030.”
